In order to create the same gift for teachers in the lower school, the late Steve Bond and *Margaret Segars Bond '80* created the Margaret & Steve Bond Teaching Award.

Each faculty member who has completed at least five years of teaching at Wilson Hall is eligible to receive the award. Eligible faculty members will have their name submitted one time for each year they have served as a full-time teacher at Wilson Hall. A faculty member who has taught on a part-time basis may be eligible proportionally to the years of service and the number of class periods taught.

A random drawing for the award, one for an upper school teacher and one for a lower school teacher, takes place during a faculty meeting. Once selected, the recipient may not be eligible for consideration for a period of ten years.
